

ZOOMAWAY TO ADD CRYPTO-CURRENCIES TO ITS BLOCK CHAIN STRATEGIES

NEWS RELEASE

TSXV:ZMA

VANCOUVER, BC – November 7, 2017 – ZoomAway Travel Inc. (TSXV: ZMA) (the “Company”) www.zoomawaytravel.com announced last week that it will be implementing Block Chain Technologies into its existing platforms. In addition, the company is currently planning to incorporate various forms of Crypto-Currency into its platforms. The company is planning to work with at least 5 of these providers to give its customers a wide variety of payment options.

“As we continue to grow our Block Chain strategies, we are continuously looking for ways to improve our customers experience and to modernize the Hospitality Industry wherever possible.” Stated Sean Schaeffer, CEO of Zoomaway Travel Inc. “We believe that these implementations will help drive us towards an even more seamless process for the end user and will help us acquire more vendors to adopt our products. We are always striving to make our processes better and easier to use, and providing more payment options to our customers will hopefully help us increase sales and trim costs that we associated with older payment technologies.”
